

Customer experience journey map

Use this framework to better understand customer needs, motivations, and obstacles by illustrating a key scenario or process from start to finish. When possible, use this map to document and summarize interviews and observations with real people rather than relying on your hunches or assumptions.

Document an existing experience

Narrow your focus to a specific scenario or process within an existing product or service. In the **Steps** row, document the step-by-step process someone typically experiences, then add detail to each of the other rows.

TIP
As you add steps to the experience, move each these "Five Es" the left or right depending on the scenario you are documenting.

<div><div>SCENARIO</div><div>Browsing, booking, attending, and rating a local city tour</div></div>	<div><div>Entice</div><div>How does someone initially become aware of this process?</div></div>	<div><div>Enter</div><div>What do people experience as they begin in the process?</div></div>	<div><div>Engage</div><div>In the core moments in the process, what happens?</div></div>	<div><div>Exit</div><div>What do people typically experience as the process finishes?</div></div>	<div><div>Extend</div><div>What happens after the experience is over?</div></div>
<div><div></div><div><div>Steps</div><div>What does the person (or group) typically experience?</div></div></div> <div><div>[step]</div><div>[step]</div><div>[caption describing what someone typically experiences during this step]</div><div>[caption describing what someone typically experiences during this step]</div></div>	<div><div>FOOTAGE CAPTURING</div><div>USER'S MOMENTS WILL BE CAPTURED FOR THEIR SAFETY</div></div>	<div><div>PERSON IDENTIFICATION</div><div>USER CAN COMPLETELY FEEL SAFE</div></div> <div><div>PERSON DETECTION</div><div>USER WILL BE DETECTED</div></div> <div><div>ALERTING TRAINER</div><div>ALARM WILL BE BUZZED INCASE OF EMERGENCY</div></div>	<div><div>SAVING THE USER FROM DROWNING</div><div>USER WILL BE SAVED FROM DROWNING</div></div>
